RULES

GAME START—THE TIP-OFF

The referee will toss the ball up. You have to time your jump so that you hit the ball at the peak of the toss. Press A, B, or Y to make your player jump and knock the ball toward one of your teammates.

GAME LENGTH

The game is made up of four quarters of two minutes each. If there is no winner at the end of the game, overtime periods of two minutes each are played until one team wins. The overtime periods are not sudden death. Game length can be changed on the Options screen.

COURT

The far end of the court is Player 1's home end, and the near end is Player 2's home end. The teams change ends at half-time. However, when playing against the computer (in 1P mode, for example), your home end is normally the far end of the court.

SCORING

Shots from inside of the three-point line score 2 points, and shots from outside score 3 points. Free throws score 1 point. (You are awarded free throws when your opponent commits certain fouls against you. Free throws are not in the Arcade mode.)

TIME OUT (NOT INCLUDED IN ARCADE MODE)

When playing offense, you can call time out up to eight times during the game.

FOULS (NOT INCLUDED IN ARCADE MODE)

These are based on NBA rules. (If a player fouls six times, he has to leave the court.)

CONNECTING THE CONTROLLER

PLAYING WITH 1-2 PLAYERS

Connect Controller 1 to Port 1 and Controller 2 to Port 2 of the Super NES®.

PLAYING WITH 3 OR MORE PLAYERS USING THE MULTI-TAP™

Connect Controller 1 to Port 1 and the special Super NES Multi-Tap™ (sold separately) to Port 2 of the Super NES, then connect the other controllers to the Multi-Tap™ ports.

PLAYER OPERATIONS

Player operations for the offensive team change depending on whether you are controlling your team alone or with a second player. Defensive teams player operations are always the same.
